QUESTION 1: Read the following passage and then answer the questions in full sentences:

School drug abuse causes concern

HEALTH REPORTER

Abuse of legal and illegal drugs by teenagers is a major concern, especially during exam periods.

A Youth Risk Behaviour survey conducted in 2002 showed that one in every five school-children who abuse drugs attempts suicide. Over 10% of pupils smoke, of which 6,2% first tried smoking before reaching the age of ten. Many begin abusing alcohol when they start high school.

The prevalence of cocaine, heroin, ecstasy, CAT, LSD and over-the-counter medications that are abused is a major concern. Drug cartels have found our developing country a fertile ground to push illicit substances.

The Medical Association (Sama) said in South Africa many pharmaceutical preparations containing narcotic drugs and psychotomimetic substances are being misused. These are sold by street vendors and healthcare providers without a prescription.

"Government should address the problem, which has severe adverse consequences on the health of our population and social structures," Sama said.

Serious action has been taken by the Government to avoid the detrimental effects on health of some substances. For example, the Tobacco Products Control Amendment Bill will soon be passed and steps are being taken to put health warnings on alcohol containers.

Sama said it supported all the efforts made by international as well as local bodies to ensure a healthier nation and a healthy environment for all.
