HOW THIS LEARNER WORKBOOK IS COMPILED

This learner workbook has been compiled and will help to identify and determine the type of an emergency and assist with the evacuation of people during the emergency.

1. Identifying the emergency situation
2. Assisting with an evacuation drill
3. Responding to emergency signals in own area of responsibility

You have to study the content and guidelines given in your learner reference guide to complete this workbook.

Remember that this completed workbook must be handed in as it will form part of your formative assessment and will play a role in awarding you the required 04 credits that are to be achieved upon completion of this module.

Write neatly and legibly and ensure that you do not simply copy the information contained in the learner reference guide into your workbook. Give your own opinion and ideas where applicable and write the answers in your own words to indicate your level of understanding and learning.

Good luck with the completion of this workbook.

LEARNING UNIT 1

The nature of emergencies

- ♦ Define an emergency
- ♦ Explain the role of the security function in emergency planning.
- ♦ Explain the goal of emergency and disaster planning.
